**GRAPH TO VIRGINIAN-PILOT.**  
 April 15.—The opening of the championship season in baseball brought out an attendance of 20,000. It was a gala day for the fans of Greater Richmond. The game was a battle between two teams as evenly matched as could be. The pitching of Ken- nolds was superb, the hitting of the other team was not. Neither side could score runs and then Boston made a wild throw by that sent Bergen to second base drive to deep center for Attendance, 20,167. ## MEN WHO OVERWORK.

It is hard for men of energy to keep their devotion to business within bounds. The spur of necessity or ambition disregards health. Overworked men are an easy mark for kidney troubles and all catarrhal diseases. The experience of Mr. J. Brake, Petrolia, Ont., Canada, is well told in his letter which follows:

DEAR SIR:—"Four years ago I had a severe attack of Bright's disease, which brought me so low the doctor said nothing more could be done for me. When one of your lectures on the above disease was read to me I began to take Pe-ru-na and Ma-a-lin, and found it acted just as represented. In three months I was a well man, and have continued so ever since. Seeing the good effects on me, numbers of people of this town have called on me who were suffering from dyspepsia. They have taken your medicine with the best results."

Pe-ru-na is the scientific remedy for catarrh. Bright's disease is catarrh of the kidneys. Diarrhoea is catarrh of the bowels.

Write to the Pe-ru-na Medicine Co., Columbus, O., for Dr. Hartman's free book on catarrh, in which these things are clearly explained.

Mr. A. W. Coale, manager Gem nickel mines, Hillside, Col., writes:

"I tried Pe-ru-na for catarrh. My hearing was almost gone in one ear, and one bottle of Pe-ru-na cured me."

**A Gigantic Whiskey Trust.**  
 (By Telegraph to Virginian-Pilot.)  
 Chicago, April 15.—A special to the Daily News from Louisville, Ky., says the most gigantic liquor combination ever engineered—an amalgamation of whiskey and distillery interests, with a united capital of \$200,000,000—will be practically completed at all but the smallest details to-morrow in Chicago. When the men now controlling the Kentucky Distilleries and Warehouse Company finish arrangements for the purchase and absorption of nearly every distillery of rye whiskey in the United States.

**English Association Cup Contest.**  
 (By Telegraph to Virginian-Pilot.)  
 London, April 15.—The final tie in the English Association cup, the leading football feature of the year, was decided at the Crystal Palace to-day. There were eighty thousand people from all parts of the country present, including Lord Rosebery and A. J. Balfour. The latter presented the cup to the Sheffield United, which beat Derby County by four goals to one. Derby County scored the first goal up to half time, but in the second half of the game the Sheffield United had it all their own way, and scored four times.

**Bringing Volunteers From Cuba.**  
 (By Telegraph to Virginian-Pilot.)  
 Washington, April 15.—Secretary Alger is considering the matter of bringing troops from Southern camps to Camp Meade, which has been put in excellent condition for the reception of the volunteers. It is expected that six regiments in all will be sent there. The arrangements for bringing home all the volunteers now in Cuba have been completed, and as fast as the transports can make the trips to and from Cuba, they will be returned.

**Disinfection of Troops.**  
 (By Telegraph to Virginian-Pilot.)  
 Washington, April 15.—Surgeon General Wyman, of the Marine Hospital Corps, has received a report from Passed Assistant Surgeon Cobb, attached to the quarantine station at Savannah, describing succinctly the operation of disinfecting the troops now coming in from Cuba and Porto Rico.

He shows that the service is now so thoroughly systematized as to permit of the safe landing of a regiment of men in four hours after the steamer enters the harbor and the complete disinfection of their baggage.

**THE LYNCHING CASES.**  
 INCONSISTENCIES IN TESTIMONY FOR THE DEFENSE.

(By Telegraph to Virginian-Pilot.)  
 Charleston, S. C., April 15.—A great mass of testimony was given to the jury in the Lake City case here to-day. The defense devoted itself to proving alibis for various prisoners and incidentally to breaking down the character of Joseph P. Newham, the defendant who turned State's evidence, and whose testimony is the central feature of the government's case. Witnesses were called to reinforce the claim already made that McKnight was at his home on the night of the lynching. Three witnesses testified to each of these statements. During the cross examination the counsel for the prosecution brought to light more than one inconsistency in the testimony of witnesses for the defense.

A man named Whitlock, for instance, swore one minute that he was on good terms with Newham and the next that he would not speak to him in the road or believe him on oath. Sauls, who swore he slept with Rodgers the night before the lynching, admitted that he had never stayed a night at the house before or since. He could not explain why Rodgers left his wife and his own room to sleep with him, and he did not recall the fact that the night was bitterly cold, notwithstanding the fact that he fished until after midnight. These are fair samples of the evidence given on the cross-examinations. The case is not nearly concluded yet; all of next week will probably be required to finish it.

**DISCOVERY OF LITHOGRAPHY.**  
 There have been a number of claimants to the honor of this invention, but it rightfully belongs to Alois Senefelder, who was originally an actor in the Theatre Royal of Munich, and afterward well known as a writer of plays. He had been for a long time engaged in some experiments in etching on stone instead of copper, and it was while working out this idea that he accidentally made a discovery which has been of inestimable value to humanity. This discovery of lithography is thus described by Mr. Senefelder himself:

I had just succeeded, in my little laboratory, in polishing a stone plate which I intended to cover with etching-ground, when my mother entered the room and desired me to write a bill for the washerwoman who was waiting for the linen. I happened not to have even the smallest slip of paper at hand—as my little stock of paper had been entirely exhausted by the taking proof impressions from the stones—nor was there even a drop of ink in the inkstand. As the matter would not admit of delay, and we had nobody in the house to send for a supply of the deficient materials, I resorted to a writing with my prepared ink prepared with wax, soap and lamp-black on the stone which I had just polished, and from which I could copy at leisure. Some time after this I was going to wipe this writing from the stone, when the idea all at once struck me to try what would be the effect of such a writing with me prepared ink if I were to bite in the stone with aqua-fortis; and whether, perhaps, it might not be possible to apply printing ink to it in the same way as to wood engravings, and to take impressions from it.

## CHANGE OF CLIMATE WON'T CURE CONSUMPTION

The Slocum System is Needed. A Curative Medicinal Treatment Founded on Modern Scientific Truths is More Potent Than Air Alone.

FREE TREATMENT FOR LUNG WEAKNESS.

If those of our readers who reside in the most highly favored sections of this country, where the climate is healthy and invigorating, with a dry and tonic atmosphere, will look about them, they will see a greater number of their friends and neighbors dying of consumption, while many others have already been carried off by that dread malady.

These deaths have occurred from time to time amid the refreshing prairie breezes of summer; in the fair and mellow days of autumn, and also in the dry and sunny seasons of a southern winter. Such deaths amid such favorable surroundings afford positive and convincing proof that climate alone will not cure consumption; that neither pine-laden breezes nor bracing mountain air will restore weak lungs or build up a constitution that is being undermined and broken down by the insidious germs of a fatal disease.

But, on the other hand, many thousands of testimonials from grateful people all over this country, who have been cured by the Dr. Slocum System of Treatment, and are today in the enjoyment of perfectly restored health and strength, afford the most convincing evidence that this treatment, aided by favorable climatic conditions and surroundings, is a positive cure for Consumption and all other chronic diseases of the Throat, Chest and Lungs.
